According to Audrey Gray, constructivist teaching should be characterized by the following: the learners are actively involved; the environment is democratic; the activities are interactive and student-centered; the teacher facilitates a process of learning in which students are encouraged to be responsible and autonomous; Strategies and Activities

Strategies and Activities for Constructivist Teaching ...

From Wikipedia, the free encyclopedia Jump to: navigation, search. Constructivist teaching is based on constructivist learning theory. This theoretical framework holds that learning always builds upon knowledge that a student already knows; this prior knowledge is called a schema. Because all learning is filtered through pre-existing schemata, constructivists suggest that learning is more effective when a student is actively engaged in the learning process rather than attempting to receive ...

Constructivist teaching methods - Teacher education

Constructivist Approach. Constructivism is an epistemology, or a theory, used to explain how people know what they know. The basic idea is
