The ParaPro Assessment is made up of 90 selected-response test questions in the core educational subjects of reading, writing, and math.

Candidates are given 2 and $\frac{1}{2}$ hours to complete it.

Roughly two-thirds of the test questions assess basic skills and knowledge in these areas, while the remaining one-third assesses the candidate's ability to apply these skills in a classroom environment.

The Reading test measures a test taker's ability to understand, analyze and evaluate written passages. The passages will contain material that will be from a variety of sources and on a number of different topics. Each of the passages and statements in the Reading test will be followed by a series of questions covering the content of the passage

The Paraprofessional
Assessment (PPA) is a test
developed by the Educational
Testing Service (ETS).
American states and Canadian
provinces use an applicant's
score on the PPA to measure
an educator's academic
knowledge and classroom
management skills in three
critical areas: reading,
writing, and mathematics.
